- INTRODUCTION OF INDIAN KNOWLEDGE SYSTEM

WHAT IS INDIAN KNOWLEDGE SYSTEM?

INDIAN KNOWLEDGE SYSTEM(IKS) is an innovative cell under the Ministry of Education (MOE) at AICTE, New Delhi. It is established to promote interdisciplinary research on all aspects of IKS, preserve and disseminate IKS for further research and societal applications. It will actively engage for spreading the rich heritage of our country and traditional knowledge in the field of Arts and Literature, Agriculture, Basic Science, Engineering & Technology, Architecture, Management, Economics, etc.

ABOUT INDIAN KNOWLEDGE SYSTEM

The Indian traditional Knowledge Systems (Bhartiya Ganana Parampara) division of ministry education (MoE) located at the headquarter of AICTE, Delhi, was established as of October 20 and taken to be a part of the New Education Policy (NEP) starting 2023. The team initially consisted of Shri A.B. Shukla was the Chief Coordinator, followed by the teachers Dr. Sanjeev Panchal, Shri Anurag Deshpande and Shri Shreyas Khurekar. More professors who joined this noble research.

WHY ARE WE STUDYING IKS?

The main objective of drawing from our past and integrating the Indian Knowledge Systems is to learn that our ancient systems of knowledge represented by an unbroken tradition of knowledge mission and providing a unique perspective (Bhartiya Drishti) is used to solve the current merging challenges of India and the world.

Sudha Cars Museum is an automobile museum located in Hyderabad, India. The museum displays "crazy cars" that resemble everyday objects. These cars are handmade by Kanyaboyina Sudhakar who started it as his hobby in his school days and opened the dedicated museum in 2010.

Sudhakar Yadav had an inclination towards motor cars and mechanics since childhood. He created his first car at the age of 14 collecting the necessary articles from junkyards. His name was in the Guinness World Records in 2005 for the largest tricycle. Yadav and his museum are mentioned in the Limca Book of Records and have also been featured on Ripley's Believe It or Not. All the exhibits of the museum accompany a plaque giving information of the make of the car, the time it took to manufacture and the maximum speed it can attain. The museum also has the smallest double decker bus in the world which can accommodate 10 people. Twelve different motor cycles in small size are on display of which the smallest is 33 centimetres.

Yadav stated that some of the cars are created keeping special occasions in mind. For Women's Day, he designed a car shaped like a handbag. For Bal Diwas he designed cars based on a pen, pencil and sharpener. The homemade cars cost around ₹85,000–₹150,000 for manufacturing; but are not for sale. The cars are often brought out of the museum for road shows where people can see them being driven.
